Superintendent's Bulletin

Hello and welcome back. I hope everyone had a nice summer break and spent time doing something that was fun, relaxing and helped energize you. When I say I'm very happy to be back with you I mean that in the literal sense. Friday, July 13th proved to be a life altering day for me personally. To make a long story short my heart stopped twice and I now

have a pacemaker. There was no indication of a pending problem and there is no indication of any residual damage. I would not be here today if my beautiful wife Doris, a nurse, had not been with me the first time my heart stopped. My "Command Control" just shorted out is the best way I can explain it. The good from all this is I'm very, very thankful to be here and I have a better appreciation for being here with my family and friends. To you my model railroad family I look forward to enjoying our hobby together and putting on a great 2019 MCR Convention, The Bullet.

It's now time to "notch" up our convention efforts. Clinics, prototype tours, non-rail tours are starting to come together. The Convention Committee has been working very hard, but to make this convention work we need the members of Division 1 to volunteer their time to help spread out the work load. Thank you Derek Shoup for being the first volunteer. Others in the Mid Central Region are very impressed with Division 1 and asked us to host a convention. We were also asked to help with the National Convention and our Division stepped forward and did a fantastic job. We would have not been asked to do both National and Regional conventions if others had not seen what a good Division we are. Please take time to read David Hazlett's article about our Division's history and why we need volunteers for the 2019 Regional Convention in this issue of the Peddler Freight. We are going to have a lot of fun so please come join in.

Starting this month we will change the order in which we conduct our monthly events. We'll start out with a clinic when available and move through Bring-N-Brag, upcoming events, the convention report and then finish up with our business meeting. Committee reports will be published in the Peddler Freight and only additional information or corrections may be discussed in the

business meeting. September's contest is gondola or flatcar with load so get your entries ready. Also, bring something for Bring-N-Brag. I will be hosting our September event and will provide the food and drink. The railroad will be open at 1 PM with the event starting at the usual time of 2 PM. I look forward to seeing everyone.

All Aboard!!
Jim DiPaola, Superintendent
NMRA, MCR, Division 1

Layout Tours

Another RR season is upon us. Over my busy summer I was able to escape to work on my RR in a nice cool basement and also managed to contact two new layouts for the regional: CVT and Chuck Rheutan. The CVT has not yet committed but Chuck will host two layouts: HO and Garden RR. I'd love to tell you more but have yet to visit his home. See a layout especially around the Boardman area that might be of interest? Please, let me know. Finally, just a reminder, this year we will not have our annual Spring Layout Tour because of the regional.

Mike is storing the easels and the AV equipment. The Cincinnati convention did not have a silent auction but combined the white elephant sale and company store – this saved manning and they used separate receipt books. HISTORY AND WHY WE NEED CONVENTION VOLUNTEERS FOR 2019

By David Hazlett

For those members who don't know my Division 1 history, I was Superintendent from May 2005 through May 2010. I obtained the position due to the death of Superintendent Barney Gaskill. I had volunteered to be his assistant-superintendent in September 2004 as no other member had come forward to run for the position in May 2004. I had just rejoined NMRA in late April after being a member in the early 1970's. I had quit the NMRA after a year because I was never contacted by Division 1.

Division 1 was not in good shape then or at the start of the 2004-2005 meeting year. Attendance at meetings was 6-7 members. Barney had many ideas for rejuvenating Division 1, but his passing didn't allow time for him to put many of his plans into action. He wanted ALL members to receive the PEDDLER FREIGHT all of the time. His wish was carried out and is continuing today. At the Regional Convention in 2005, I was told the public perception of the quality of Division 1: worthless, dead and dying. It was considered the worst division in the Region.

WE HAVE COME A LONG WAY IN THE LAST 13 YEARS!

Before I left office in 2010, we had gotten the status of a corporation under Ohio State Law. Our next Superintendent was Ron Wigal. Ron had to move out of the state, so Randy Dettmer became our Superintendent in December of 2010. During Randy's term in office, we participated in the NMRA National Convention in 2014. We also obtained the 501(c)(3) status as a tax-exempt corporation with the Federal Government.

Now our Superintendent, Jim DiPaola, and our Assistant-Superintendent, Steve Zapytowski, are leading us in hosting the 2019 REGIONAL CONVENTION.

THIS IS WHERE YOU CAN HELP!

NONE of the improvements in Division 1 have come about by the individual efforts of these named people. The improvements in Division 1 have come about by the help of many members holding elected and appointed positions. Many improvements have come about ONLY because YOU, THE MEMBERSHIP OF DIVISION 1, have supported the leadership! We now need you to volunteer to help make the 2019 Convention a SUCCESS! Most leadership positions are filled and are moving ahead. Volunteers -YOU - are needed to support these men and women. We need to be able to count on you for support.

We need to make sure that the 2019 Convention is successful, because the 2005 opinions concerning Division 1 are still out there! Not just in the Region, but within our own Division! We need to show that Division 1 has become the kind of Division you want to belong to.

To run our convention, The Bullet 2019, we need a minimum of 50 volunteers beyond the core group that currently comprises the convention committee. So, Division 1 asks two things of you: **volunteer to help at the 2019 Convention** and, if you know a former member, drag him or her to a meeting so they can see for themselves a rejuvenated Division 1.

DIVISION 1 - A DIVISION TO BE PROUD OF!

Module Group

We operated at the Stark County Fair, again, from August 28, through Labor Day, September 3, 2018, 9 days total including set up. We set up at the south end of the Exhibition building in an area that was 39' between the handrails of the pedestrian ramps leading to the Midway and the parking lot. We were able to move further from the wall to squeeze in our 39' HO layout. That allowed us to squeeze past the handrails and get behind the layout so we could operate.

The NTRAK modules were set up in front of us and surrounded a support beam. In between the two layouts were the tables for our literature and a large bench seat for public relaxation. The bench seat was very popular because we had a fan blowing across the viewers during the hottest days ever. Our new membership chairman, Joe Urbanski, provided some sorely needed publicity. He brought in a few new members for his effort.

It was a struggle, but we had just enough people to help run the layouts. Some of them were fair attendees and non-members who were able to come back and operate at different times. I, as well as Don Bonk on the n scale modules, put in many long, hot days, but the positive comments from the many fair attendees and the smiles on the faces of kids running the trains made it all worth while. *(Editor note - see page 8)* We have been requested to come back next year since we are so popular with the fair goers.

The next scheduled event will be in Mt. Hope, about 12 miles south of Dalton and near Berlin in Wayne county. This show is in our most southern Holmes County and is within our Division. We will be making a presence deep in Amish country and on a day that the Amish can attend. Last year, this was a great experience. It is the largest train show in Ohio with over 625 tables. The address is Mt. Hope Event Center, 8076 St. Rt. 241, Mt. Hope, OH 44660 (Millersburg, OH 44654 for some GPS), 1-330-262-7488. The Berlin Grande Hotel, 4787 Township Road, Berlin, OH 44610, 1-330-403-3050, has a block of rooms available at a special rate if you wish to spend the night. Mention "Jon Ulbright Train Show."

The show is scheduled for Saturday, November 3, 2018. We will set up on Friday, November 2. This will be difficult if you have a job. We will be relying on our retirees to do most of the work. We will be operating the HO modules, only. **Everyone should help operate the modules regardless of the scale you model. Be sure to come help us setup and operate the modules.** Plan to eat here because it will be catered by "Mrs. Yoder's Kitchen," the famous Amish restaurant.

Everyone is a member of the Module Group. We are educating the public about the enjoyment of model trains. We let them operate the trains and show them how our throttles work. This is what qualifies us to have a 501 (c)3 non-profit status. **Please, do your part and help.**

Module Group members who have added scenery to their modules should apply for the "Golden Spike" Award. The scenery is the last thing we do to finish a module.

We are considering allowing parallel modules so more modules can be displayed without adding to our length. Adding to our width offers a better solution. More on this later.

Those of you who want a module; you need to contact me so I can order electrical components and more lumber. See my email and phone numbers below. We will schedule a date to build the module(s). The final price will be around \$110.00 for the kit. Those who build a 4' x 2' module with scenery, which is eight square feet minimum, can apply for the "Golden Spike" and other AP awards.

We are always looking for venues where we can display and operate our modules. We can be an added attraction for many events, i.e., Railroad Days, shows at event centers, library historical programs, student events, etc. Please call me or any Module Group member if you think you have a lead and make sure the event coordinator is aware of your concern.

The Division portion of the 50-50 raffle is placed in the module fund. This fund is shared with the HO and NTRAK groups as needed for division owned equipment. Privately owned modules and equipment are the responsibility of the owner. All request for funds are to be presented to the Module Chairman.

Let's try to be generous and spend \$5.00 for six 50-50 raffle tickets instead of \$1.00 for one ticket. Your generosity in funding the Division 1 Module Group is appreciated. Many of our new members joined at the shows.

N-SCALE REPORT

In June Carol and I attended the N - Scale National Convention in Salt Lake City sponsored by the N - Scale Enthusiast. The Convention generally follows the usual format, but the big draw is the special cars for sale and vendors announcement of new products, so the focus will mainly be on cars descriptions.

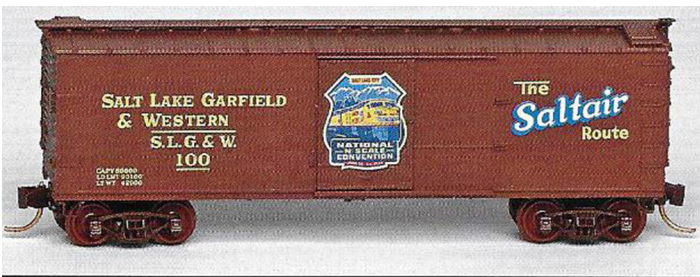

The big event was the Golden Spike reenactment.

The Bee in the Box Car was a big hit at the Stark county Fair.

This car caused comment at the fair from the older attendees.

2017 Author Car

Those who contribute to the Enthusiast magazine or gave clinics in 2017 received the author car.

The Convention Car is a honey comb in a tank car since Utah is the bee hive state. Everyone who attends the banquet receives one.

Really! - I won Gaffiti Cars?

Salt Lake City clubs sponsor a program with kids building Pizza Box layouts to encourage future modelers.

This was the most popular layout for many of female attendees.

Both the HO and N scale module layouts were on display at the Stark County Fair. Many hours were put in by Don Bonk (n scale) and Bob Ashley Sr. (HO scale), as well as other Div. 1 members. This public display effort helps Division 1 maintain its non-profit status.
